StartPage

What is StartPage?

A startpage is the page you first see when you open your browser or open a new tab (sometimes homepage).
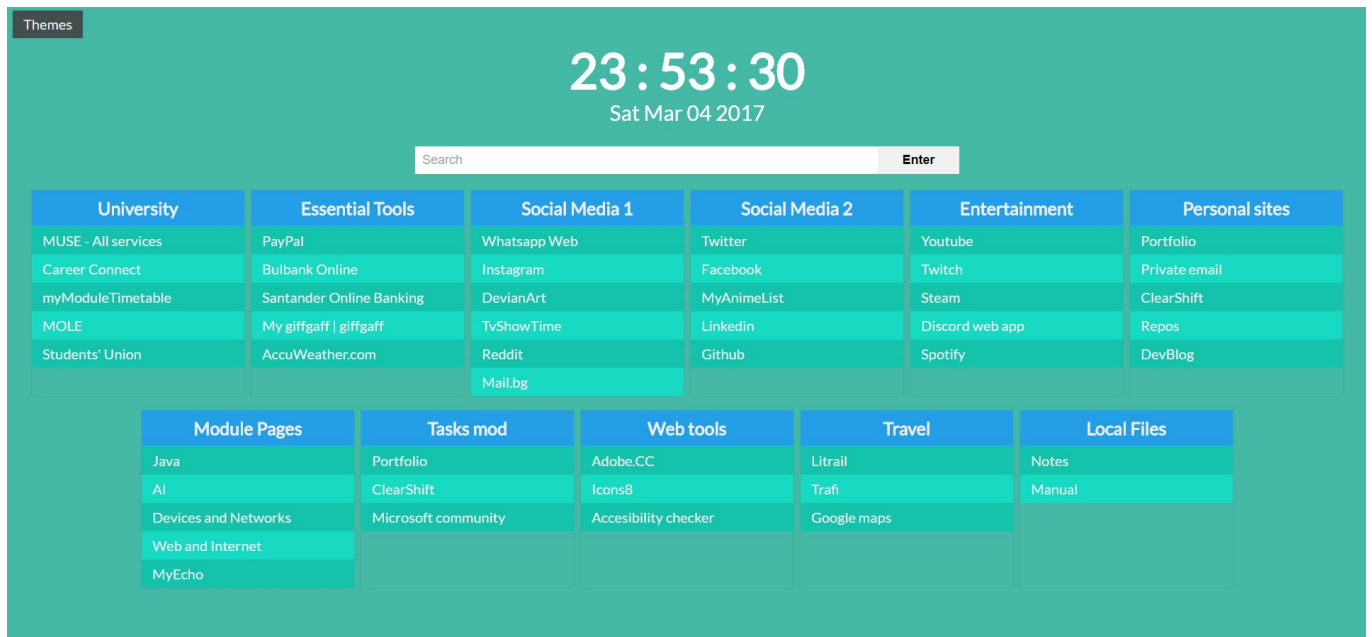

This is a custom startpage template for links of favourite sites.

Features

- Themes

It has two respinsive themes: Green and Gray.

The Green theme looks like this:

- Integrated Search

By typing `command + "what you want to search"` in the search bar you can search directly in several sites.

If you want to view the list of available comands on the StartPage open the link `Commands` under `Local Files` Section.

If you don't use any of this comands the query you type is going to be processed by the default search engine - Google.
